Reaching the University

One of the goals of the National Youth Ministries in South Africa is to see our churches realize the mission field of our University Campuses. In order to assist in developing this vision, a Chi Alpha mission team from Fort Wayne, IN, visited South Africa from March 2-12. Our objective was to reach the University of Limpopo.

All our ministry led up to the final outreach held in a popular "party bash" area on campus. During the altar call, a young student named Veneshia came forward who struggled with alcoholism and sexual impurity. As she repeated the sinner's prayer, her body shook as she cried in sorrow for her sin. After praying for salvation, I felt there was still something more she needed. I explained to her the Baptism in the Holy Spirit. As we began to pray, in less than a minute she began to speak in other tongues!!! In one night, she not only received Christ, but was baptized in the Holy Spirit!

The Lord has amazed me with how ripe the harvest is on the university campuses. Luke 10:2 says, *"The harvest is plentiful, but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field."* Please pray with me for the Lord to continue to touch the hearts of our pastors and youth leaders to reach the lost students.
