## Multiplication

7+30=37, 37+30=67 OR 7x30=210, 210x30=6,300

***In ministry, I've realized that multiplication is far more affective than addition.***

This month I've begun to see the fruit of my work here in South Africa. For almost a year now I've been working with the new National Youth Committee and training them. During the past few months, I was also able to develop a 5 part training program for youth leaders (Train the Trainer). On June 9th, 2012, the National Youth Committee was able to be trainers of youth leaders for the very first time. Watching them train others was one of the most rewarding experiences I've had here in South Africa. Because I trained the youth committee, they will be able to impact youth that I will never meet. It is wonderful to know that the fruit of my labor is being multiplied!

Clara's first day in Africa!

## Light for the Lost

Recently, the National Youth Ministries in South Africa has benefited greatly by Light for the Lost (LFTL) funds. First of all—4,500 books of the 21st Century Discipleship Series were printed and are currently being distributed to every local church in the International Assemblies of God. Secondly—my dream of designing a youth evangelism tract came true! LFTL paid for the printing of 16,000 tracts. These will be distributed by our youth in evangelism outreaches. **Thank you for giving to Light-for-the-Lost!**
